## Tanzania's Great Migration & Ngorongoro Crater

**Encounter Epic African Wildlife on This Coveted Safari to the Serengeti & Beyond**

On Africa's Great Plains, the pulse beat of the planet reverberates. Our Land Cruiser is a tiny island in a vast, grassy sea, its idle drowned out by waves of pounding hooves. Wildebeest and zebra flow in a living current across the Serengeti as lion and cheetah follow in their wake, finely tuned hunting machines ready to stalk and take down the weakest members of the herds. From our private mobile camp stationed in the center of the world's greatest ancient migration route, we are subsumed in a primal spectacle as the drama of predator and prey unfolds. Witness it in rare seclusion, immersed in the wonder of one of the world's truly epic wildlife events. And of course, no Tanzania safari is complete without a descent into the famed Ngorongoro Crater. The largest unbroken caldera on Earth, the crater is home to nearly 30,000 animals sustained within its walls.

### Trip Highlights

**Our route is adjusted seasonally for proximity to the herds, maximizing your chance to witness Africa's most dramatic wildlife phenomenon at close range**

**Enjoy unparalleled seclusion, comfort and vintage atmosphere at Nat Hab's own private camps, including our luxury mobile camp near the migration route**

**In addition to the migration, experience an exhilarating safari in Ngorongoro Crater, the world's largest unbroken caldera, home to 30,000 animals**

## Tanzania’s Great Migration & Ngorongoro Crater Itineraries

Encounter Epic African Wildlife on This Coveted Safari to the Serengeti & Beyond

### December–February Itinerary

10-day Southern Serengeti route, when the herds are more stationary during the season when zebra and wildebeest are giving birth.

### July–October Itinerary

10-day Northern Serengeti route, when the herds are heading into the Maasai Mara and back, and dramatic river crossings may occur.

Discovering Our Planet Together

**Accommodation Details:**

Nat Hab's Migration Camp—Serengeti North

Nat Hab's Serengeti East Camp

Ngare Sero Mountain Lodge

Plantation Lodge

Gibb's Farm

## Tanzania's Great Migration & Ngorongoro Crater Accommodations

Encounter Epic African Wildlife on This Coveted Safari to the Serengeti & Beyond

### Nat Hab's Migration Camp—Serengeti North

Our own deluxe mobile tented camp is set seasonally for proximity to the flow of wildebeest and zebra herds through the Serengeti, optimizing the chance to witness the migration at close range.

### Nat Hab's Serengeti East Camp

Located in a remote sector of the eastern Serengeti where solitude (and big cats!) reign, our mobile safari camp takes bush comfort to a new level, with seven canvas safari tents surrounded by rich wildlife habitat.

### Ngare Sero Mountain Lodge

Ten spacious period-style suites front a sprawling lawn and lush gardens surrounding a 1905 German farmhouse, transformed from a colonial home into a tranquil lodge at the foot of Mount Meru.

## Discovering Our Planet Together

### **Plantation Lodge**

This elegant, owner-run lodge is set amid tall trees and lavish gardens filled with tropical plants and exotic birds, providing gracious hospitality in an oasis-like setting surrounded by coffee plantations.

### **Gibb's Farm**

A historic coffee estate turned luxury ecolodge near Ngorongoro Crater, offering elegant cottages, farm-to-table dining, lush gardens and deep-rooted sustainability in Tanzania's highlands.

## Compare Migration Safaris...Here's Why Ours is Better!

No wildlife event on the planet rivals Africa's Great Migration for sheer drama. Twice each year the huge herds make a great circuit across the Serengeti Plains, following the grass that sprouts with the seasonal rains. To witness the migration is on many a wildlife lover's bucket list, and a coveted experience for nature photographers. But it's crucial to do it right—because all Tanzania migration safaris are not the same!

1

### **An Itinerary Designed for Optimal Migration Viewing**

Many companies operate the same standard "migration" tour year-round, driving the entire northern circuit of Tanzania with no concern to be in a particular place at a time that jibes with the arrival of the herds. We focus on the best time to see the animals, then build our safari itinerary and dates around that, attempting to time our presence for peak viewing. What's more, we spend three full days amid the migration, for optimal photo prospects.

2

### **We're Involved from Beginning to End**

We construct every component of your safari, then ensure that you are personally guided from start to finish by a highly trained Nat Hab Safari Expedition Leader, so you can have the utmost confidence in the quality and safety of our operations. Our oversight is meticulous, because our reputation depends on your safari's success.

3

### **Fly from Arusha to the Serengeti to Maximize Time with Wildlife**

Many companies drive you both ways to and from the Serengeti from Arusha. We fly you in to make more time for what you've come to Africa for: watching wildlife on safari!

4

### **Our Private Mobile Migration Camp Gets You Close to the Herds**

Rather than using crowded lodges where vehicles depart each morning in large numbers, often surrounding the same animals all at once, we insist on the smallest luxury bush camps located in isolated places where wildlife is prolific. In particular, our own private Migration Camp allows us flexibility to pursue wildlife where concentrations are greatest, rather than utilizing larger accommodations that are nowhere near the migration.

5

### **Coveted Early Morning Access to Ngorongoro Crater**

We've designed our itinerary to make sure we are at the gate to enter Ngorongoro Crater the moment the reserve opens early in the morning. Our timing ensures a full day on safari in the crater, with an early arrival to beat the crowds. With expedited access to wildlife viewing on the crater floor early in the morning, we'll be there when many animals are most active.

6

### **Small Groups for Intimate Wildlife Encounters**

A small group is essential for optimal wildlife viewing and photography. We generally have the smallest group sizes in the safari industry. We take a maximum of 12 on this trip, divided into multiple vehicles within radio contact to track the migration. Small groups mean we get closer to the herds, get better photos, and enjoy more personalized interaction with our Expedition Leader and local trackers and guides.

7

### **A Window Seat for Every Traveler**

Every guest is guaranteed a window seat. We know how important unimpeded views are when you've come all this way to see and photograph the migration. That's why we split our group into separate top-of-the-line 4x4 safari vehicles, so no one is stuck in a middle seat. With just six guests per vehicle, each traveler gets an open side view with plenty of room.

8

### **Extra Luggage Allowance**

Most airlines and safari companies in East Africa strictly limit luggage to 33 pounds per guest, including carry-on bags, with even the highest priced trips typically having this limitation. We have arranged a special luggage allowance of 44 pounds per guest, making it easier to travel comfortably without leaving behind essential items you need. This makes a big difference!

9

### **The World's Finest Safari Guides**

Natural Habitat Adventures is known worldwide for employing the finest naturalist guides on the planet! In Tanzania, rather relying only on less-qualified local camp guides, our own Safari Expedition Leaders are the most highly trained guides in Africa, renowned for providing exceptional service. With you from beginning to end, our Expedition Leaders average approximately 15 years' guiding experience. Their training is further enhanced by the resources of WWF's premier scientists. **See Expedition Leader bios** and traveler comments regarding the quality of our leaders.

10

### **Our Quality-Value Guarantee Ensures Your Superior Safari Experience**

Natural Habitat Adventures offers an exclusive guarantee, which states that we will meet the lofty expectations we set forth in our promotional materials. To our knowledge, this is the most ambitious guarantee made by any adventure travel company.

11

### **Feel Good About Your Carbon-Neutral Journey**

We care deeply about our planet, as we know you do. When you travel with us, the carbon emissions from your trip are 100% offset—including your round-trip flights from home. Natural Habitat Adventures has been the world's first carbon-neutral travel company since 2007.

## Pricing

See <https://nathab.com/africa/tanzania-migration/dates-fees> for the latest pricing details.

## Included

**Trip price includes:** Accommodations, services of Nat Hab's professional Expedition Leader(s), local guides and camp staff, all meals from dinner on Day 1 through lunch on final day, some alcoholic beverages, some gratuities, airport transfers on Day 1 and final day, all activities and entrance fees, all taxes, permits and service fees.

**Internal air cost includes:** All light aircraft flights within the itinerary (this will be listed separately on our invoicing).

## Not Included

Travel to and from start and end point of trip, premium alcoholic beverages, some gratuities, passport and visa fees, optional activities, items of a personal nature (phone calls, souvenirs, etc.), airport and departure taxes, optional travel insurance, and required medical evacuation insurance.

## Mandatory Insurance

Since the areas we travel to on this trip are remote and wild (that's why we go there!), we require medical evacuation insurance for our guests' safety. If you decline the medical evacuation insurance coverage offered by Natural Habitat, we request that you send us documentation of the independent coverage you have selected. We will add the cost of a medical evacuation policy to your tour invoice until you provide our office with proof of coverage including your insurance company's name, contact number and your individual policy number. Thank you for understanding that our policy exists exclusively in the interest of our guests' safety.

## Getting There & Getting Home

Travel Logistics Writer said: This trip begins and ends in Arusha, Tanzania. Because this is a long international journey, **we recommend that you arrive at least one night prior to Day 1** to rest from your travels and begin the trip refreshed. For guests who come in early, recommended hotels will be included in your pre-departure materials. You must arrive in Arusha by 5 pm on Day 1 in order to attend the 7 pm welcome dinner.

**You may depart Arusha anytime after 5 pm on the final day.**

Our Natural Habitat Adventures Travel Desk can best assist with your travel reservations, as our staff is familiar with the specific requirements of this program and can help arrange the most efficient itinerary. Please call us at 800-543-8917. While we offer the best available rates to us on airfare and additional nights' accommodations, you may occasionally find special web rates or lower fares online.

# Tanzania’s Great Migration & Ngorongoro Crater Extensions

Encounter Epic African Wildlife on This Coveted Safari to the Serengeti & Beyond

**Extra Day in Arusha**

Arusha is the jumping-off point for safaris to Tanzania’s famous national parks—a lively city with a temperate climate at the foot of Mount Meru.

**\$645**

**Tarangire National Park**

Less-visited Tarangire, the “Baobab Capital of the World,” is home to these giant ancient trees, huge elephant herds and some of Africa’s densest wildlife populations.

**\$5195**

**Maasai Mara Extension**

Experience wild Africa in Kenya’s Maasai Mara, a vast mosaic of savannas and acacia-dotted plains on an exclusive Big Five safari from private mobile camps far from crowds.

**\$5995**

## Discovering Our Planet Together

### Zanzibar Extension

Discover a serene oasis with white sand beaches and clear waters in this Indian Ocean archipelago celebrated for natural beauty, history and culture.

**\$1695** (+air)

### Uganda Mountain Gorilla Extension

On a 5-day safari extension in the rainforests of Uganda, track endangered mountain gorillas on one of the world's most moving and heartwarming wildlife adventures.

**\$3995** (+air/permits)

### Rwanda Mountain Gorilla Extension

Track endangered mountain gorillas, hike through the rainforest with expert guides and spend rare moments with a habituated family troop.

**\$4995** (+permits)

### Madagascar Explorer

Look for rare and endemic flora and fauna on a compact itinerary revealing a mix of contrasting ecosystems—primary rainforest, pristine beaches, ancient baobabs and coastal mangroves

**\$11995** (+air)
